Veterinary Emergencies

In case of an emergency during practice hours, please contact the practice immediately. We will always endeavour to see a pet in pain or distress immediately.

If you require emergency treatment outside practice hours, please telephone the practice. You will be directed to contact our dedicated emergency service, e-Vets on 0131 662 1689. If your pet needs to be seen, you will be asked to transport him or her to their clinic, where the staff will be waiting to receive you both.

Planning for your pet's health

Whether you are a new or an existing client, we would like to thank you for choosing Village Vets. Our aim is to provide the best possible health care for your pets in partnership with owners and their families.

We are committed to keeping abreast of the latest developments in modern veterinary practice – providing high-quality treatment at sensible prices. To enable pet owners to spread the cost of routine treatment, we have designed our own practice membership scheme – **The Pet Healthcare Plan.**

Prevention is better than cure!

- Our practice membership scheme provides pet owners with the support you need to help your pets stay fit and healthy.
- Regular visits mean that we have the opportunity to administer necessary vaccinations and dispense accurate and up-to-date worming and flea treatments.
- Frequent clinical examinations give us the opportunity to carefully monitor the general health of your pet. We can offer advice, support, and treatment planning, which may prevent problems arising in the future.
- The cost of maintaining the good general health of your pets is distributed throughout the year by making monthly Direct Debit payments – it couldn't be simpler.
- Whilst spreading the cost of routine treatments, all members then qualify for additional discounts on other items in the practice.
